Anisotropic Hollow Microgels That Can Adapt Their Size, Shape, and Softness

Author: Anne C. Nickel, Andrea Scotti, Judith E. Houston, et al

Publication: Nano Letters

Publisher: American Chemical Society

Date: Nov 1, 2019

Copyright © 2019, American Chemical Society

Permission May Be Granted - See Below:

For an individual, for non-commercial purposes, **permission is granted** at no charge for a cumulative total of 4 or fewer figures, tables, or micrographs, or an excerpt of 400 or fewer words for a single article. Appropriate credit should be given. Appropriate credit should read: "Reprinted with permission from {COMPLETE REFERENCE CITATION}. Copyright {YEAR} American Chemical Society." Insert appropriate information in place of the capitalized words. Please save this page for your records and for publication in print provide a copy to your publisher.

For an institution or organization, **permission is not granted**.

If credit is given to another source for the material you requested from RightsLink, permission must be obtained from that source.
